

B1.3 Licenced Aircraft Engineer

Location: Uxbridge, UK

Job type: Permanent

Aircraft type: Leonardo, Bell and Airbus

Job Role: B1.3 Licenced Aircraft Engineer

Starting salary: Between £50,000 - £60,000 depending on applicable Type Ratings.

AS Aerospace Limited are currently recruiting for Rotary Wing B1.3 Licenced Aircraft Engineer. The company holds a UK CAA Part 145 Rotary maintenance Approval and has various other Approvals enabling, design, manufacturing, installations, modifications and Continuing Airworthiness.

The ideal candidate would have a CAA Part 66 B1.3 or an EASA B1.3 licence, preferably with rotary aircraft types as shown below, although not essential:

- Leonardo 109 Series, 119, 139
- Bell 429, 505
- Airbus 350, 355, 365, 130, 155

Type courses available following the completion of probationary period.

Qualifications & Requirements

- Enthusiastic, proactive, willing to learn and be self-motivated.
- Be competent with the ability to work unsupervised.
- Positive attitude and good interpersonal skills.
- Ability to develop and encourage more junior members of the team to progress.
- Be computer literate.
- Ability to prioritise and adapt under pressure.
- Clean driving licence.

The Licenced Engineer's post is responsible for overseeing the work on the aircraft, making sure all work carried out is of an exceptionally high standard and that Company Procedures and standards are followed in a safe and effective manner.

Benefits

- Competitive Salary
- Company Pension
- Life Assurance
- Attractive working week – 8am to 4.30 (Monday to Friday)

If you have the relevant experience and would like to join our team, please submit your CV with a copy of your licence to: giselle.falconer@aerospacedesign.co.uk

No Agencies please.
